ABOUT PIERRE VALLET

THE IMPRINT OF A MAN

Generation to generation

Rich in our history, the Vallet family is not less than 8 generations of expertise in the Cognac production.

The birth of vision

With empty cellars, Pierre and his son Maurice selected and blended eaux-de-vies across the Cognac region: the first “Pierre Vallet” creations.

Late 19th century

Faced with phylloxera, Pierre Vallet made the courageous choice to sell stock and save the vineyard.

Heritage today

Laurent Vallet continues the legacy with innovation and precision refining blends and creating new finishes, respecting the spirit of the house.

BEHIND THE DESIGN

OUR STORY

The fingerprint of a man

This is Pierre's seal of excellence and perseverance, which Laurent perpetuates with the same passion.

2 spaces / 2 generations

On the left, textured paper with notches to represent the old side: Pierre.

On the right, smoother, colored paper to represent today's modernity: Laurent.

COGNAC PIERRE VALLET IS THE STORY OF A KNOW-HOW PASSED ON A LEGACY THAT NEVER FADES.

On every label a fingerprint is featured prominently.
It's not just a graphic symbol. It's Pierre's memory. It's Laurent's hand.
It's the tangible link between tradition/past and modernity/present.
